Our story...

Craftsmanship in the service of taste

Historically nestled in the heart of Brussels, Pipaillon is an artisanal cannery dedicated to reviving the authentic flavors of seasonal fruits and vegetables.

We carefully select organic ingredients, sourced mainly from local producers who share our passion for quality, taste and respect for nature.

Each jar is lovingly prepared using traditional methods to offer products that evoke childhood memories and moments of shared happiness.

Sweet or savory, 3 ranges for every moment.

At Pipaillon, every jar tells a story of flavour, seasonality and pleasure. Whether sweet, savoury or to drink, our products are handmade in Brussels using organic ingredients, often locally sourced and always authentic.

Three worlds, one promise: delicious authenticity.

Sweets - 5.

Artisanal jams to enjoy at breakfast, during an afternoon break, or secretly by the spoon.

Organic fruit, just the right amount of sugar, and lots of love

Organic fruit, just the right amount of sugar, and lots of love.

Salty - 12.

Crunchy pickles, flavourful confits, bold tapenades... everything you need to elevate a board, a dish, or an aperitif.

It stings, it crunches, it changes everything.

Juice - 16.

Freshly squeezed juices with hints of herbs, spices or cakes.

To be drunk chilled, diluted, shaken, invented.
